PREFACE

In presenting this catalogue we are endeavoring to meet a rather general demand for illustrations of the more popular types of our imported chandeliers.

Friedlaender crystal fixtures have for more than sixty years been universally recognized as the standard for quality and design. The illustrations in this catalogue are but a few of the hundreds of chandeliers ranging from small hall lights to massive chandeliers suitable for auditoriums or other public institutions.

All metal fixtures and brackets are made of cast bronze or brass.

Dealers requiring immediate deliveries will find it advisable to name second and third choices, as unexpected demands may at times deplete temporarily our New York stock of certain items.
